THE WEEKLY DIGEST

Section 2

Vol. 49, No. 6

INDEX TO VOLUME 48

JULY THROUGH DECEMBER 1964

As you know, items in QUOTE, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of QUOTE, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Absentmindedness—15-3;" tells you that an item on Absentmindedness will be found in the fifteenth issue of QUOTE under number 3.

One or more letters following an issue number, refers to material in regular departments. For example: "Freedom—2-GB;" indicates that an item on Freedom appears in *Gem Box* in issue number 2. The reference to "Africa—6-OT;" means that an item on that subject appears in *What THEY Say Over There* in issue 6. The reference to "Admiration—5-h;" means that an item on that subject will be found in the regular *Good Stories* section of issue 5 under index letter h.

Quotations in the section *May We QUOTE You On That?* are also numbered consecutively. In the index, a reference such as "Civil Rights—7-2Q;" refers to a quotation on that subject in the seventh issue, numbered two in the *May We QUOTE . . .* section. When the letter t follows the Q as in the reference "Income—4-1Q-t;" it indicates the special *Quote-ette* feature in issue 4. A complete list of department abbreviations appears below:
